

PRESS RELEASE: for immediate release Friday 23 December 2017

## **RĀHUI AREA CLARIFICATION**

To celebrate Christmas Te Kawerau ā Maki have released a clarification on the area covered by the Waitākere Rāhui to make it clear to residents and visitors that it only covers the forest, but that **within the forest all tracks are closed** by the rāhui.

Executive Manager Edward Ashby said "We'd like the public to celebrate and enjoy all the beautiful parts of the park not covered in trees, so we thought we'd release a quick update."

"Just to be clear that the forest does not include: the roads, beaches, open space land adjacent to beaches, wetlands, lakes, dunes, paddocks, rocks, meadows, grass berms, cafes, the sea, golf courses, houses or surf clubs."

Celebrate "living on the edge" by visiting spectacular lookouts such as the Spragg Monument at Cornwallis and the Tasman Lookout Track at Piha.

Enjoy "views and vistas" by climbing to the bench seat at Pukehuhu at Whatipu to look out over the Manukau Heads or by visiting the Huia Lookout where you can see the whole Manukau Harbour.

"Dive into it" by walking round the north side of Lake Wainamu at Te Henga from the carpark to the waterfalls and cool off with a dip in the swimming holes. Just don't continue round the lake in the forest but go back the way you came.

"Climb the cliffs" on the Te Henga Walkway and enjoy spectacular views across the Tasman.

Enjoy "lunch and a latte" after you've walked Exhibition Drive in Titirangi or visit the Huia Store after a hike along the Huia Dam Road.

Of course all the beaches remain open and "walking the dog" is still possible along the Kakamatua track to the beach, but please keep dogs on a lead until you reach the beach and always scrub and spray your shoes.

"We wish everyone a happy and restful Christmas and New Year and look forward to a better future for kauri in 2018" said Edward.

## Tracks outside the Waitākere Rāhui area that are open include:

<u>Titirangi</u>: Exhibition Drive
